PROFESSIONAL PROFILE

IxD with a genuine passion for design culture and technology.

I'm currently serving as **Interaction Designer Team Lead** at Accenture Analytics. Here I lead the design activities helping the AIP Design Studio Editor and AIP Asset Applications teams. Also promoting the adoption of a human-centered design culture within product, client and delivery teams.

WORK EXPERIENCE

Accenture Analytics / Sept. 2015 - Present

Interaction Design Team Lead: leading design activities in a cross-functional agile environment. Facilitating internal and client workshops to increase the importance of design and human-beings within the product dev cycle.

7App Srl / July 2012 - Sept. 2014

Digital consultant: supporting the development of mobile & web apps. In charge of the strategic definition of new projects, wireframes, mockups, basic prototypes, bug testing, marketing decks.

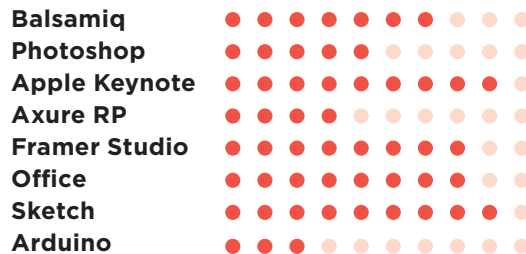

Skeddoc Srl / July 2012 - Sept. 2013

Product Manager: feature definitions and supervision of the devs and UI designers.

Bibop Spa / March 2010 - July 2012

Digital strategist: marketing decks, research and competitors analysis, features and interaction design for in-house proprietary video-participatory platform.

PROFESSIONAL SKILLS

EDUCATION

University of Udine / Jan 2010 - Jun 2014
Ph.D. in Audiovisual studies: Research project on video games as co-creative platforms, play culture and code logic. [Download dissertation](#)

University of Bologna / Sep 2007 - Jul 2009
Master Degree in Cinema, Television and Multimedia Production.
Grade: 110 cum laude out of 110.

University of Bologna / Sept. 2003 - Mar. 2007
Bachelor Degree in Communication Studies.
Grade: 98 out of 110.
Extra
